

GOV. JOHNSON STARTLES BOSTON

In Humanitarian Address He
Urges Them to Open Their
Eyes to Wage Wrongs

POINTS OUT MISERABLE AVERAGE WAGE OF WOMEN

Shows That Ordinary Pay of
800 is \$6 Per Week—Less
in Factories of State

BOSTON, Mass., Sept. 25.—Staid old Boston had its dignity shocked last night when Governor Johnson declared in effect that the trouble with bosses had been that there has been too much smug respectability and too little regard for those who have to toil. Governor Johnson demonstrated that there is trouble. He produced figures to show that the condition of thousands of men and women in this hub of culture and refinement to be below the standard of actual necessities. That condition, he declared with emphasis, cannot be tolerated by any country which hopes to endure.

Expressions of amazement accompanied his assertion that in Boston alone there are 800 women whose average wage is only a trifle over \$6 a week. In the cotton mills 37 per cent of the women receive less than \$6 a week, and 23 per cent receive less than \$5 a week. In various other occupations the percentage runs much higher.

"That is why the Progressive platform contains a plank for the establishment of a minimum wage for women," he said.

"It is our purpose to fix a wage that shall be a living wage for the countless thousands of underpaid women all over this country."

Governor Johnson assailed Governor Wilson's opposition to the minimum wage for women, observing that, without doubt in Boston and other great manufacturing centers, many of the conscienceless mill owners would thoroughly agree with the Wilson view of this great question.

Conditions Shame and Disgrace
He declared it to be a shame and a disgrace that such conditions exist, and urged that upon the men of Massachusetts the responsibility of correcting it is greater, because here in this great state the evil is greater.

The shock which his first statement produced had given way to realization that his statements were entirely justified, and 4000 Boston men and women registered their approval of his plea for women toilers by thunderous applause.

MAY NAME PROGRESSIVE TICKET IN WISCONSIN

MILWAUKEE, Sept. 25.—Failure on the part of Governor McGovern, Republican, to state his views as to his preference regarding presidential electors as between Taft and Roosevelt, probably will result at the State Committee's meeting, in the Wisconsin Progressive party putting a State ticket in the field.

GIANTS AND RED SOX TO PLAY OCT. 8

Will Seek World's Championship—Teams to Control
Tickets in Own Towns

NEW YORK, Sept. 25.—The New York Giants of the National League and the Boston Red Sox of the American League will play the first game of the world's championship series in New York on October 8th, according to plans announced this afternoon by the National Baseball Commission. The second game will be played in Boston on October 9th. The Boston team will be under the management of the American League and New York under the National League. Each team will control the sale of tickets in its own town.

The opening date of the games was decided by the toss of a coin. Boston wanted October 7, New York October 8. The Giants won. This gives them six days rest after the close of the season. Umpires O'Laughlin and Evans of the American League, and Riggler and Kiem of the Nationals were named as officials for the games.

Japan Swept by Awful Typhoon With Vast Loss

TOKIO, Sept. 25.—Swept by a terrific typhoon which has lasted since Monday last, Japan is today suffering a loss of millions of yen by flood in four of her principal provinces, Tokio, Osaka, Aichi and Shikoku.

The overland lines in most of the stricken districts are prostrated. Telegraphic reports of the disaster are coming in slowly. More than three thousand people are homeless and an indefinite number are said to have perished in the city of Yatsuta. Incomplete reports from the north coast say the torpedo boat destroyers Futuki and Tachibana were smashed on the rocks. They are complete wrecks. Two other vessels are reported to have gone ashore.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Thursday;
light northwest winds.

Anaconda Dividend Advances Over Last Quarter

NEW YORK, Sept. 25.—Directors of the Anaconda Copper Mining Company yesterday declared a dividend of 75 cents on the stock, an increase of 25 cents a share over the previous quarter. This places the stock on a \$3 basis.

\$30.60 For Each Tree Of 3-Acre Orange Grove

REDLANDS, Sept. 25.—Allen Break of Redlands believes that he carries off the honors this year for returns from his orange grove, averaging \$30.60 a tree, for his crop of Valencia oranges. Break has just marketed his Valencia, selling in the New York auction market.

Rain of Snails At Washington, N. J.

WASHINGTON, N. J., Sept. 25.—During a drizzling rainstorm here millions of snails fell on the streets. The Belvidere avenue section of the town was literally covered with them.

73-Year-Old Man Is Papa for Eighteenth Time

MARSHALLTOWN, Iowa, Sept. 25.—The eighteenth child was born today to Captain D. K. Ewalt, aged seventy-three. The mother, the fourth wife of Ewalt, is thirty-nine.

Apache Indian Kills Wife of Indian Trader Coleman

PHOENIX, Ariz., Sept. 25.—Mrs. William Coleman, wife of an Indian trader, was shot and killed by an Apache Indian early yesterday, about forty miles west of Ft. Apache. The murderer was arrested and is being held by the Indian police.

California Pacer Sold to Walter Cox

COLUMBUS, O., Sept. 25.—Walter Cox, the well known horseman, has purchased Del Rey, the famous California pacer. Del Rey's record is two minutes and three-fourths seconds.

STATE SENATOR ACCUSED

SAN FRANCISCO, Sept. 24.—Marshall Black of Palo Alto, state senator and one of the best known politicians and capitalists in the northern part of the state, was accused yesterday by the board of directors of the Palo Alto Mutual Building and Loan Association, of which he has been secretary for seventeen years, of misappropriating approximately \$100,000 of the funds of that institution.

SACRAMENTO, Sept. 25.—The Republican state convention reconvened shortly before 1 o'clock. A Roosevelt ticket of presidential electors was presented by Chairman Chandler of the nominating committee. The Taft electors were offered by Assemblyman Schmidt as a substitute for the majority report. The Taft men then opened their fight.

Senator Wolfe called on Johnstone of the Sixty-eighth Assembly District to answer whether he had admitted in committee that the majority of the nominees intended to vote for Roosevelt and Johnson. Johnstone said he did not know how they would vote. Schmidt read the primary law to prove that the candidates for the assembly and senate had pledged themselves to support the Republican nominees for president. A motion to table the minority report was then adopted by the entire Roosevelt vote.

SIGNS RELEASE YOUNG ATHLETE AND GETS HIS MONEY

Architect Sturges and School
Board Have Called It Quits
All Around

DUGGAN IS GIVEN LEAVE OF ABSENCE

Tuition Charge to be Made For
Grammar School Pupils At-
tending Here

Architect A. B. Sturges has accepted a payment of \$894.56 for his services in drawing plans for the grammar school being erected on South Broadway, and has signed a release of all claims that he might have against the school district for any contract for furnishing plans for the polytechnic high school.

That means that the school board and Architect Sturges have completed their relations, and that there is no possibility of a suit being brought against the district for money that Sturges might allege to have earned by reason of his contract with the school board.

The warrant was delivered to Sturges by the secretary, Mrs. W. M. Smart, and Sturges signed the release prepared by City Attorney Heathman.

At the meeting of the school board last night, the second and third prize awards offered in the competition for plans for a polytechnic high school were made by the school board. Withey & Davis got first place, their plans being accepted. The second prize of \$100 went to Architects Allison & Allison, and third prize of \$50 went to Architect H. C. Cline. Withey & Davis are to give a \$5000 bond for faithful performance.

Leave of Absence W. L. Duggan, president of the board of education, was granted a leave of absence for thirty days. He is to attend a convention of New York Life Insurance Co. agents at New York. He will leave the latter part of this week.

Mrs. E. B. Norman was elected delegate to the county convention of school trustees to be held on Oct. 17.

The school board decided to give a public reception to the teachers on the evening of Oct. 28, at the high school.

Mrs. T. B. Tyerman was elected supply teacher for the year.

Charge Tuition

It was decided to make a charge for tuition for pupils residing in other common school districts who attend the primary or grammar grades of this city. This tuition will be exactly what it cost Santa Ana per pupil last year. Superintendent Cranston stated he thought the cost per pupil was about \$30. He is to look the matter up. This tuition is paid by the school district from which the pupil comes.

On the request of Miss Ely, teacher of music, three graphophones were ordered for use in the schools, two in the grammar schools and one in the gymnasium.

Suffered From Exposure

"Papa," queried little Lolo, who was looking through a catalogue of agricultural implements, "what is a chilled plow?"

"I know," exclaimed her six-year-old brother. "It's a plow that has stood out in the cold all winter."

The nomination committee on presidential electors this morning urged the endorsement of the Roosevelt electors now being circulated on petition by the Republican convention. Milton L. Schmidt of San Francisco filed a minority report naming Taft presidential electors.

TAFTITES QUIT WHEN TAFT ENDORSEMENT FELL DOWN

SACRAMENTO, Sept. 25.—Upon the defeat of the Wolfe resolution for the endorsement of Taft and Sherman by the platform committee today, Senators Wright, Wolfe and Assemblyman Henry Ward Brown withdrew from the Republican platform committee meeting. This marks the first step of the split of the Republican party which will be completed today. Wolfe said the Taft delegates would walk out of the convention as soon as the majority report on presidential electors had been approved. The Taft men will then

IS WELCOMED HOME

Fred Kelly, Greatest Living
Hurdler, Returns From Trip
to Sweden

CITY PAPERS GIVE HIM MUCH SPACE

Parents of El Modena Boy Met
Him at Pomona—Starts
New Term Monday

Fred W. Kelly, son of Mr. and Mrs. J. C. Kelly of El Modena, is back from Sweden, where he won for himself the distinction of being the greatest living hurdler.

His arrival in Los Angeles was a signal for newspaper photographs, interviews and write-ups. The morning papers show him with his father and mother, who met him at Pomona and rode with him by automobile into Los Angeles.

Fred and his parents came down from Los Angeles on the Pacific Electric last night, arriving here about 10 o'clock, and went to their home at El Modena.

Orange is justly proud of Fred Kelly. He went to high school at Orange, and his friends there have had faith in him every step of the way in his upward climb in college and international athletics.

Orange raised a purse to aid in sending the young giant to Stockholm that he might try his muscle and grit against the best hurdlers on earth.

Kelly made good. He comes back to his home recognized as one of America's foremost athletes.

Fred Kelly's success has not spoiled him. He is the same clean youth as he was when he went to school at Orange, developed in mind and body into a wholesome college man.

Next week he will take up his studies at the University of Southern California, where he has won distinction as a student as well as an athlete.

Writing of his experience abroad for the pink sheet of the Los Angeles Times, Kelly says:

"Back to the good old land of sunshine once more. And tickled to death to get here.

"My trip to Sweden was an education as well as a pleasure, and along with it I saw lots of things that I may never expect to see again. I had one grand round of pleasure all the way through. While we were in Stockholm we were treated to the limit (everything we wanted was ours).

The sportsmanship between the different athletes was very good, according to my point of view. Taking it as a whole, it was better than could be expected.

"The way the games were run off was better than I have ever seen any meet pulled off before. Everything was run off on schedule time—they had it down to a system that is hard to beat.

"When we left Stockholm we were glad to at last be on the way home, but sorry to say good-by to such good people as the Swedes, who had given us such a royal time.

"We made a side trip to Paris and Rheims and received a royal welcome. In Paris we competed in a handicap meet and cleaned up all the best places and would have done better at that only for the fact that all the American athletes were heavily handicapped, owing to the great showing made by them in the big games. The French are good sports, and leaving Paris was like leaving a Christmas tree.

"At last we sighted Sandy Hook and every man in the party took a long breath; the first home breeze surely felt good. We were switched to Boston for a celebration and had a royal time, and when we returned to New York it was one continual round of joy for a week, but after seeing it all, there is no place like Los Angeles and Southern California for a native son."

The Los Angeles Examiner's introduction to the "Kelly story" was: "Fred W. Kelly, the greatest hurdler in the world, winner of the 110-meter high hurdle race at the Olympiad, at Stockholm, came home last night, bearing his European honors modestly.

"Monday he will be in his classes at the University of Southern California. Of the future he speaks boldly, not vainly, but with the modest confidence of six-foot, broad-shouldered, steel-muscled youth.

"I have just begun," he said last night, "and I expect before this college year ends to break Smithson's record of 15 seconds flat for the high hurdle."

"That is the mark of achievement in athletics Kelly has set for the year. At Stockholm and other meets of the past season he has proved himself to be the first among the hurdlers of the world. But he has not yet, in competition, sped over the high obstacles in faster time than ever athlete achieved before. He promises the

MASSACRE REPORTED OF 29 AMERICANS BY NICARAGUAN REBELS

Fear of American Occupation Is Felt If
News Is Confirmed—Naval Men at
Washington Doubt Report

PANAMA, Sept. 25.—Twenty-nine American blue jackets are reported as massacred at Leon, Nicaragua, after they had killed forty revolutionists in a pitched battle.

While no information concerning the reported massacre of Americans has been received, great uneasiness is felt over the certainty that if the news is confirmed American occupation of Nicaragua will follow. Leon, a city of 35,000, has been the stronghold of the rebels in all the recent trouble here.

Intervention Almost Certain
WASHINGTON, Sept. 25.—Government officials today admit that American intervention in the San Domingan revolution is almost certain. Navy officials want the number of marines in the disturbed district increased from fifteen hundred to three thousand. Most of the marine force is now on the Pacific coast and if additional men are sent they will probably go from there. It is expected the opening of the Panama canal will increase disturbances in the Latin republics.

NAVAL OFFICERS AT CAPITAL
DOUBT REPORT OF MASSACRE
WASHINGTON, Sept. 25.—Naval officials doubt the authenticity of the

reports of the massacre of Americans in Nicaragua. Nothing confirmatory has been received. Admiral Southland reported recently that four hundred marines were at Leon, with Lieutenant Commander Long in charge.

REBELS GIVE UP RAILROADS
ON AMERICAN DEMAND
WASHINGTON, Sept. 25.—That the revolutionists under General Mena in Nicaragua have acceded to the demand of Major Butler, commanding the American marines at Granada, and have released the railroads which they have held, was announced by the State Department yesterday by Rear Admiral Southland.

In addition to returning to the right owners all railroad property, the revolutionists have agreed to surrender the steamboats that they have confiscated and have already given up all save the Victoria at Granada. This announcement, according to the officials of the State Department, relieves anxiety heretofore felt of the blockade throughout the country.

The failure of the Costa Rican government to prevent General Juan Irias from escaping into Nicaragua, where he has announced his intention of superseding Mena as commander of the revolutionists, was criticised by the State Department. General Irias is regarded as a professional insurgent.

tions of this athletic year have ended. "I learned much in my experiences after I left Los Angeles," says young Kelly. "I shall live cleanly and work hard, and I see no reason why I should not run faster than I have ever run."

DAYLIGHT TRAIN IS INNOVATION

Chicago & Northwestern-Union Pacific
Train to California to Travel
Only by Daylight

CHICAGO, Sept. 25.—A "sunrise to sunset daylight special," is announced yesterday, will be inaugurated in the early part of February by the department of tours of the Chicago & Northwestern-Union Pacific line between Chicago and Southern California, introducing a feature never before attempted by any railroad.

Details of the new train have not been completed, but the principal feature will be that the train, which practically will be a private one, will travel only during the daylight, parking at certain points en route at nightfall and resuming its journey the next morning. It will reach Riverside, Cal., the evening of the fifth day after departure from Chicago.

HANGINGS LIKELY TO OCCUR FRIDAY

SAN QUENTIN, Sept. 25.—Warden Hoyle's office declared today that there is every reason to expect that Willie Luis, Chinese, and Edward Marshall, murderers, will be executed Friday.

Wallace Is Mum SACRAMENTO, Sept. 25.—Acting Governor Wallace refused to discuss the hangings scheduled for Friday.

SIXTY PER CENT OF SPAIN LIES IDLE

Land Uncultivated—Much of It Lacks
Water—12,000,000 People Can
Not Read or Write

MADRID, Sept. 25.—As a result of the investigation ordered by King Alfonso, the Minister of the Interior reports that 60 per cent of the land in Spain is uncultivated and that 30 per cent is utterly without irrigation.

The report shows that 4500 villages are without roads or railroads, 30,000 towns and villages have no schools and 12,000,000 of Spain's 17,000,000 inhabitants can neither read nor write.

While in the east he was six weeks at Detroit under a specialist's care, and returns with the impediment practically removed.

Today an agent of The Pantages of Los Angeles came here and Kelly signed a contract to appear at that show-house at \$50 a week, no definite number of weeks being given. He cannot jump hurdles on the stage as

REVISION OF THE TARIFF PLEDGE

Taft Binds Self to Downward
Revision of Tariff at
Special Session

STRONGEST ASSERTION PRESIDENT HAS MADE

Denies That He is Weak and
Takes Responsibility of His
Administration

ALTOONA, Pa., Sept. 25.—President Taft arrived here at 6:30 this morning to attend a meeting of civil war governors. The President reviewed a great parade of regulars, veterans and school children. After an address, the President left for the summer capital at Beverly, Mass.

DECLARES FOR DOWNWARD REVISION OF THE TARIFF

NEW YORK, Sept. 25.—Unequivocally promising an immediate revision of tariff downward, if elected, and intimating that a special session of Congress for such revision is his plan, and flatly denying the statements of Woodrow Wilson that he had been badly advised, President Taft today issued a statement of his position, which is regarded as his most important plea for re-election.

"I alone am responsible for the acts of my administration, he said in answering the allegations that he had been handled. He stated that there was no foundation for Doliver's epigram that "The President is an amiable gentleman surrounded by people who know exactly what they want."

SARATOGA, N. Y., Sept. 25.—The Republican state convention met today to adopt a platform and name a state ticket. Chairman Barnes of the state central committee declared that it "looks like a free discussion of the platform before everyone will be satisfied."

The suffragists are very prominent. "Votes for Women" banners are stretched near the hall.

A mention of Taft's name by Chairman Guthrie brought forth a demonstration.

T. R. SPEAKING IN ARKANSAS

Had Strenuous Welcome in
Towns of Oklahoma—35,000
Heard Him at Oklahoma City

LITTLE ROCK, Ark., Sept. 25.—Colonel Roosevelt spent all of today speaking in various towns in Arkansas. The Colonel has adopted a new hat, as the one which he "tossed into the ring" has been badly worn in his strenuous campaign.

MALESTER, Okla., Sept. 25.—While here Colonel Roosevelt refused to discuss the latest letters published by W. R. Hearst, which involved him in a letter to John D. Archbold, alleged to have been written by former Congressman Sibley. He explained that he wished to see the letter before replying.

Colonel Roosevelt advocated using the Panama machinery to dig the "Lake to Gulf" waterway after the canal was finished. In discussing the canal, Roosevelt said:

"The worst hypocrisy is to say you want something and when you have got it, object to the only means whereby it could have been acquired. If anyone objects to what I did with the Panama Canal, let him give it back."

OKLAHOMA'S STRENUOUS WELCOME TO ROOSEVELT

MALESTER, Okla., Sept. 25.—Here in Oklahoma, the first southern Democratic state he has visited, Colonel Roosevelt enjoyed a reception equal to that given him in any part of the country.

Enthusiastic crowds acclaimed him from Tulsa, the first point reached in the state, to McAlester, where he spoke last night. Ten thousand persons jammed the grounds at Tulsa; 25,000 the Oklahoma state fair grounds at Oklahoma City, and 5000 the opera house at McAlester, although 15,000 clamored for admission. The men and women who heard the Colonel at Oklahoma City fair grounds

Enthusiastic Reception
Is Given Fred Kelly

While in the east he was six weeks at Detroit under a specialist's care, and returns with the impediment practically removed.

PACIFIC ELECTRIC RAILWAY

MANY STATES REPRESENTED

Notable Addresses Are to be
Given at National Irrigation
Congress

SALT LAKE, Sept. 25.—Thirteen states of the Union will be represented by men of national fame as speakers at the Twentieth National Irrigation Congress which meets at Salt Lake Sept. 30 to October 3. In addition to a dozen or more United States government officials and representatives of foreign governments. This array of talent goes to make up a program that will excel in interest that of any previous session of the congress. In addition to the business program for 1912 session, the Utah board of control under direction of Chairman George A. Snow, has arranged a program for entertainment of delegates and visitors that will make the meeting one of the most enjoyable features ever held in the West.

Details of the program have been practically completed, the following order, however, being subject to slight change:

Proceeding the opening of the congress on the morning of September 30, the Queen of Irrigation and her attendants will be escorted into the city by the governor and his staff, city officials, military organizations and business men in line of march ending at the noted Salt Lake Tabernacle. The congress will formally be opened by the Queen and there will follow a musical program with the rendition of the Ode to Irrigation as the principal feature. This ode will be rendered by the famous Tabernacle choir of Salt Lake, augmented to 500 voices and the rendition will be under the personal direction of the composer, Prof. J. J. McClellan, and accompanied by an orchestra and the great organ with Edward P. Kimball at the console. The Mormon choir will also render patriotic airs under direction of its noted leader, Evan Stephens.

Addresses of welcome by Governor William Spry and Mayor Samuel C.

Park, with response by Senator Francis G. Newlands, president of the congress and the report of the executive committee will also be made at the opening meeting.

The second session on the afternoon of September 30 will be the occasion for addresses by Senator Reed Smoot of Utah, who will talk on "Liberalizing Our Land Laws," former Governor A. L. Thomas of Utah, who issued the call for the first congress twenty-one years ago; Governor Joseph M. Carey of Wyoming, former Governor George C. Pardee of California, George E. Barstow of Texas, Dr. Seymour B. Young of Utah, and H. N. Hays of Utah.

On the evening of the opening day will occur the most elaborate entertainment feature of the congress in the form of a grand parade and electrical pageant. This will include a series of floats representing the history and progress of irrigation in the United States and showing the products of the various irrigation districts of the country, varied with artistic and musical features of gait. This pageant will undoubtedly be the most spectacular entertainment of its kind ever presented in the Intermountain West. Following the parade, a reception will be given at the Salt Lake Commercial Club.

The principal features of the third meeting of the congress will include the following addresses: "Increasing the Duty of Water," Prof. B. A. Etcheverry, California; "Problems of the Actual Irrigator," J. T. Hinkle, Oregon; "Irrigation Funds and Better Currency System," J. B. Case, Kansas; "Irrigation Societies and the Practical Working of an Irrigation Project," George A. Snow, Utah; "The Rational Use of Water in Irrigation," Dr. J. A. Wildsoe, Utah; "Change of Climate," Willis L. Moore, chief U. S. Weather Bureau, address, Horace G. Clark, Colorado.

For the fourth meeting, Tuesday afternoon, the program will include the following addresses: "Desirability of Uniform Irrigation Laws," Prof. O. L. Waller, Washington; "Opening of the Panama Canal and the Probable Effect on the Irrigated States," Col. D. C. Collier, California; "The Recall of the Water Hog," Judge George Hutton, California; "Beneficial Use as the Basis for Greater Uniformity of State Laws Governing Use of Water," C. S. Kinney, Utah; "The Irrigation District," Prof. Frank Adams, U. S. Department of Agriculture; "Irrigation in the Southwest," Senator A. B. Fall, New Mexico. Senator Joseph Bailey of Texas and Franklin E. Brooks of Colorado are also scheduled for addresses at this meeting.

The fifth meeting of the congress will have for its special feature an illustrated address by Dr. F. H. Newell, director of the United States Reclamation Service.

Addresses by Prof. Henry S. Graves, United States Forester, and Gifford Pinchot, president of the National Conservation Association, will lead the program for the sixth meeting on the morning of October 2. Other addresses at this meeting will include "The Imperial Valley," W. H. Holabird, California; address by Charles Moore, president Pan-American International Exposition; "Drainage of Water-logged and Alkaline Land," C. F. Brown, Utah; "National Economy and High Cost of Living as Affected by Sugar Beet Culture," Truman G. Palmer, Washington, D. C.; "Irrigation Drainage and Waste Water," H. M. Gilbert, Washington; and "Measurement and Use of Water," Prof. Richard R. Lyman, Utah.

The seventh meeting will be taken up with addresses by representatives of foreign governments and addresses by governors.

"Give Us a Modern Homestead Policy," will be the title of an address by William Smythe of California at the eighth meeting and this will be followed by an address by Elwood Mead, chairman of the State Rivers and Water Supply Commission of Melbourne, Australia.

Addresses for the tenth meeting will include the following: "Duty of Water in Idaho," Don H. Bark, U. S. Irrigation expert; "Duty of Water in Orchards," Steve Jayne, Washington; "Marketing of Irrigated Products," David Brown, Washington; "Stock Raising and Dairying in the Irrigated Region," Prof. Lewis A. Merrill, Utah; "Co-operative Production and Marketing of Farm Products," Prof. C. M. Evans, Texas; "Good Roads," Prof. W. E. Garrison, New Mexico; "Pumping for Irrigation," by H. S. Lea, South Dakota; H. B. Walker, Kansas and Alex McPherson, New Mexico.

The tenth and last meeting will be taken up with reports of the committees on resolutions and organization; election of officers and selection of next meeting place.

On the evening of Thursday, October 3, a grand ball and reception will be given by the Utah board of control in honor of the officers and delegates to the congress.

**COLLEGE OF LIBERAL
ARTS CLASS OFFICERS**

LOS ANGELES, Sept. 25.—The four classes in the College of Liberal Arts of the University of Southern California have elected officers for the year, as follows:

Senior Class: President, Boyden Hall; vice president, Edith Witherill; secretary and treasurer, Eddie Hummel; sergeant-at-arms, Ed. Thompson.
Junior Class: President, Frank Chaffee; vice president, Rafena Chambers; secretary, Mary Poggi; treasurer, Emmitt Long; sergeant-at-arms, Carl Henderson.
Sophomore Class: President, Arthur Chapman; vice president, Dorothy Betts; secretary, Maida Wellborn; treasurer, Homer Watson; sergeant-at-arms, Alister Cummins.
Freshman Class: President, Lee Morrill; vice president, Mary Broadbeck; secretary, Lucile Spencer; treasurer, Edmond A. Mullen; sergeant-at-arms, Ashley Hendricks.

Uncle Ezra Says
"It don't take more'n a fill up effort to get folks into a peck of trouble and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents at all druggists."

You and your driving horse will like our shoeing. Smith, 407 North Birch.

HEARS VOICES THROUGH AIR

Fullerton Man Gets in on Receiving End of Wireless Experiment

FULLERTON, Sept. 25.—J. W. Battle, manager of the plant of the Fullerton Domestic Water Company, has one of the best amateur wireless telegraph plants in this county. The wires go far into the air, and he can get messages from points hundreds of miles up and down the coast and far out into the ocean.

While he was adjusting his receiving instrument a few days ago he was astonished, as well as excited, when mysterious voices came in over it as plainly as if only a few feet away. According to the adjustment of the instrument the talking between two men must have been at least thirty miles away. Battle actually hears the voices, not the spelling of the words by the Morse alphabet, and he has heard the conversation between a number of men every day during the past week, running something like this: "Wait until I make another adjustment and I will talk to you again. How is this now? Does it work better? The other man will come on the line in a minute."

In addition to hearing these voices he has heard some one play a phonograph miles away a number of times. He can tell the different tunes that are played—he declares they are as plain as if played on a phonograph across the street. As stated, the adjustment of the instrument convinces Battle that the music and voices are many miles away. In fact there is no phonograph near the pumping station where Battle's plant is located, and there is no experimental work being made along the lines of wireless telephones in Orange county. Nearly all of the talk heard by Battle is about this line of work and the various experiments that are being made and tested out.

It was announced some weeks ago that wireless telephone experiments were being made in Long Beach and Mr. Battle believes the voices and music came into his instrument from that point, as Long Beach is about thirty miles from Fullerton.

Mr. Battle has a 200-ohm telephone receiving outfit connected with a wireless receiving, home-made set. While he can hear the voices and the songs on the phonograph daily he cannot talk back to the other operators miles away as he hasn't the necessary instruments.

The city attorney has drawn an ordinance which provides for the construction of sewers at a cost of over \$50,000, the work to begin in sixty days. This will give employment to seventy-five men for four months. The Standard Oil Company has a rig up for another well on the Coyote lease. The first well is producing about 100 barrels a day. It will be deepened.

CUTTING CORNERS

While visiting in Santa Ana last Sunday a Los Angeles policeman who is a crossings officer at a busy crossing in Los Angeles stood with Santa Ana's crossings officer at the corner of Fourth and Main, and after a time declared that his job in the city is not as hard as one at Fourth and Main.

"It is not the number of people that counts," said he. "In Los Angeles those engaged in traffic on the streets know the rules, and when a crossings officer says stop they stop. Here, I notice that people are not educated to turn corners rightly. You have your hands full all the time to make them turn corners according to law."

The Los Angeles officer hit the nail on the head. Too many of our automobile drivers need to be educated to turn corners in the right way. They have been so used to cutting corners that it seems to be a matter of no consequence.

On Monday of this week a boy was run over by an automobile that was out of position in turning a corner at Fourth and Main. That the boy was not killed was a mere matter of luck, and nothing else. It is to avoid just such accidents that the law reads as it does, and unless the law becomes a matter of more concern here we are going to have tragedies to grieve over.

There are a good many who favor keeping a traffic officer at Fourth and Main every day of the week, and it may come to that. We must remember that we have other busy corners, and the rules should be followed as strictly at all corners as at Fourth and Main. Let us encourage the habit of turning every corner rightly. Thus we will educate ourselves into a custom that we ought to have. A few arrests might help a good work along.

USE OF SCHOOLHOUSES

The schoolhouse seems to be coming into its own. The latest move is found in co-operation between the great national political parties to secure the use of school buildings for political meetings, voting places, and other political uses. George W. Perkins, chairman of the executive committee of the National Progressive party, has written a letter to all Progressive state chairmen urging that they co-operate with other political parties in securing the use of school buildings for such purposes.

In a letter to the Board of Education of the city of New York, Mr. Perkins says in urging this matter: "We offer for your consideration the following facts in justification of the above recommendation:

"First. The use of the schoolhouses for this purpose would elevate the tone and standard of civic expression and would tend to change the tone from a purely partisan to a public one.

"Second. The use of private places for polling purposes and for political meetings as well, in many instances

use of influence and money to secure support, and lowers the general feeling of respect for the sanctity of the ballot; while the use of the schoolhouses as polling and meeting places would elevate and strengthen this respect and throw a moral tone and general protection around the ballot that is highly desirable.

"Third. The economy resulting from the use of the schoolhouses for this purpose would be a substantial saving to the public as a whole. It might increase somewhat the cost to the Board of Education, but it would decrease materially the cost to the Board of Elections; and as the sums expended by both boards come from the general public purse the saving would be a net one to the public."

The two old parties have nothing to offer to correct the deadlock existing between the people and the courts. The paralysis of our legal machinery is everywhere admitted, but amendments to the United States constitution are necessary. As it is nearly 50 years since it has been possible to amend the United States constitution, it is not likely that either of the old parties would do anything to break this deadlock.

The Republican party was united as never before in its history when Mr. Roosevelt left office. He could have had a re-nomination by turning his hand over. Yet he put the opportunity away, and gave another man the chance. Long before Mr. Roosevelt uttered a word in criticism of the administration, the party was torn wide open by the dissensions which Mr. Taft's policy created.

LOS ANGELES BUILDING COMPANY'S PRESIDENT VISITS SANTA ANA

R. H. Mouser, president and general manager of the Standard Building Investment Company of Los Angeles and San Diego spent Tuesday in this city.

Mr. Mouser expressed himself as deeply impressed with the commercial and agricultural possibilities of Orange County and Santa Ana. He said: "It is the intention of our company to establish active offices in all the live cities of Southern California; Santa Ana looks to me like a good field for active operations in the building line as the demand for houses on easy terms seems to be greater than the supply. Mr. MacDonald, our field superintendent, will make a visit here soon and canvass the situation thoroughly with a view to our doing some building here. Understand me, we don't promise to build in Santa Ana unless we see where the demand for homes would justify our operation in this field. Mr. Pepin, our local manager, is very enthusiastic about this country, and strongly advises us to open active building operations at once."

"The Standard has made a wonderful success, as it is genuinely co-operative and on an open basis."

"Its stockholders now number close to 500; some well known local people are interested in the company."

EMPLOYER LOSES IN SUIT WITH EMPLOYEE TEST OF NEW LAW

SAN FRANCISCO, Sept. 25.—The new labor law making it a misdemeanor for an employer to refuse to pay wages due his employees received its first test in the local courts yesterday when Charles King, a contractor was found guilty on a complaint filed by his stenographer, Hilda Richard, in Judge Sullivan's court. King owed Miss Richard \$20, which he refused to pay. Miss Richard took the case to State Labor Commissioner John P. McLaughlin, and McLaughlin has prosecuted the case.

King was convicted under section 663 of the statutes of 1911, and is liable to a maximum fine of \$500 or a jail sentence. He secured a stay of execution pending an appeal.

Chance to Win Wife and Fortune

The lottery for a wife, which takes place annually at Smolensk, has been successful this year. All the tickets having been bought. The promoters of the lottery select the young woman, who has to be drawn for. She is then ordered to remain constantly at home for ten days to receive the visits of candidates for her hand. The sale of 9999 tickets at a roundable price is controlled by the municipal council. As soon as they are sold the lottery takes place, and the winner has the right to marry the young woman and her fortune of 5000 roubles. She can, however, refuse the man who has drawn the lucky number. In this case she has to divide her fortune with him. Since the lottery was established refusals have been rare.

In addition to our specials

quoted last week, we will sell Friday and Saturday:

Picnic Hams, per lb. 12c
Sliced Bacon, per lb. 25c
Whole Piece Bacon, per lb. 20c
Ham, per lb. 25c
6 bars of Laundry Soap 25c
Tapioca, Vermicelli and Macaroni, per lb. 5c
Black Tea, guaranteed, per lb. 20c
Good Coffee, guaranteed, per lb. 20c
And many other things too numerous to mention. Come and see.

"BEETATO" IS NEW HYBRID OF NATURE

Oregon Rancher Crosses Irish
Potato and Red Beet—Elks
Contract for Purple Spud

PORTLAND, Or., Sept. 25.—Oregon's newest pomological oddity, dubbed the "beetato," which is a hybrid between an Irish potato and a red beet, has already been found valuable as an advertising asset. The tuber's "innards" have a deep purple, one of the official colors of the Elks lodge.

Officers of Portland Lodge No. 142 have been quick to realize the peculiar coloring feature of the "beetato." They are now negotiating with L. W. Rinhardt of Silver Springs Station, in Clackamas County, the originator of the new potato, for all of next year's crop of "purple spuds" to take back to Rochester for the Elks' annual reunion. Inasmuch as the reunion will be held in July, Mr. Rinhardt will have to plant his "beetatoes" as early as possible next spring, so that the product of the new crop will be large enough by convention time.

Mr. Rinhardt expects to grow enough "beetatoes" to supply souvenirs for every delegate to the Rochester reunion. Portland Elks are rejoicing that they will have such a unique souvenir to advertise Oregon.

STOMACH STARVERS EAT ANYTHING NOW

No Indigestion or Upset Stomach For "Pape's Diapiesin" Users

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour rising, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

Unprofitable Pets

It is said that a hundred thousand canaries are kept in Paris apartments and that it costs \$2000 a day to supply them with chickweed alone. They also consume large quantities of lettuce, hemp and other seeds.

GIRLS, HAVE BRIDE-GROOM SHOW HIS HEALTH CERTIFICATE

WASHINGTON, Sept. 25.—That the problem of sex hygiene will be solved when womankind resolve to be healthy old maids rather than infected wives, was the assertion today of Dr. Ira Wyle of New York, before the Hygiene Congress. He said:

ARMY OF COLONISTS COMING IN WEEK

2000 Homeseekers Will Arrive
in Los Angeles as First
Fruits of Rates

LOS ANGELES, Sept. 25.—Two thousand colonists, the vanguard of the United States, will arrive in Los Angeles on the first three days of the colonist period, September 28, 29 and 30, via the Santa Fe railroad.

They come chiefly from the middle west. Other carloads will arrive daily afterwards, of which notices will be received by the passenger department later.

In thirty-five special tourist sleepers and accompanied by Santa Fe agents from Cincinnati, Chicago, Kansas City and other assembly points, they are headed for Southern California. In addition to these homeseekers who are scheduled to arrive by special equipment, there are hundreds of others arriving on regular trains during these days.

The colonist travel this year will be heavier than in any preceding year, in the opinion of passenger traffic officials. The reason is because the people of the northern and eastern sections of the country are, more and more, seeking homes in a land of sunshine. California has been widely advertised by the homeseekers who came here years ago and are now prosperous and the result is an increasing hieira every succeeding year.

OROZCO LEADS 1000 REBELS ALONG BORDER OF U. S.

WASHINGTON, Sept. 25.—With the United States Cavalry patrolling the American side of Eagle Pass and a force of more than 1000 rebels, under General Orozco, moving along the Mexican side, the condition on the southwestern border has again assumed a serious aspect. The United States troops are prepared to engage the Mexican insurgents should they attempt to invade American soil.

Advices received from Brigadier General Steever, commanding Fort Bliss, Texas, indicate that the revolutionists have thus far shown no disposition to retire from their position. The fact that the rebel leader, General Campa, is a captive at Tucson, Ariz., where he is held for violating the neutrality laws adds to the difficulties which the State and War Departments face.

It was reported last night that if another engagement occurs near the border line reinforcements from the Texas garrisons will at once be sent to Eagle Pass.

DEPUTY SHERIFFS SLAIN BY MEXICAN OUTLAWS

CLIFTON, Ariz., Sept. 25.—The dead bodies of Alberto Mungula and Jack Campbell, killed in battle with Mexican outlaws on Eagle Creek at daylight yesterday morning, were brought to Clifton yesterday evening and lie in undertaking parlors awaiting advice from relatives as to burial. Campbell, Mungula, Keppeler and Cash, composing a posse, left Morenci Monday night to surround three Mexican outlaws at daylight this morning. All members of the posse of deputy sheriffs were ambushed when near a rendezvous of the outlaws. Mungula and Campbell were killed instantly. Keppeler was wounded in the arm. Cash escaped and brought word of the ambush to Morenci. Poses are scouring the country for the three Mexicans.

CANTON GOVERNMENT ACCEPTS AN AMERICAN LOAN

CANTON, Sept. 25.—The Canton government yesterday signed the final contract accepting a \$5,000,000 American loan. It refuses to disclose the details, fearing opposition from the sextuple group of foreign bankers.

The people rejoice because government notes will be accepted at par tomorrow for the first time since the revolution and because the American bankers have the loan on fa-

HOOKWORM BEING SLOWLY OVERCOME

Hygienic Congress Hears of
Progress; Infant Mortality in
World Shown as Enormous

WASHINGTON, Sept. 25.—"More than 300,000 Porto Ricans have been cured of 'hook worm' disease," Surgeon Bailey K. Ashford, U. S. A., told the International Congress of Hygiene and Demography today.

"The campaign against 'anemia,' or hookworm, was begun in 1905," said the army surgeon, "and has culminated in the successful treatment of 300,000 persons in Porto Rico. Ninety per cent of the rural Porto Ricans are infected with the disease. The physicians had to deal with 800,000 infected persons, 350,000 of whom were treated in seven years. Three hundred thousand more still require treatment. The sanitary service is reaching victims in even the most isolated mountain districts."

Dr. Helen MacMurchy, of Toronto, said: "There are few classes of school children where we have not the backward and the sick. The stupid may have adenoids; the dull may be only dull of hearing, and the backward may be really feeble-minded. All of them are heavy burdens to the teachers and to their fellow-scholars. Medical inspection of schools is one of the signs of the times. This is the century of the child. Medical inspection can give real direction to the task of education."

"At every other tick of the clock, year in and year out, a baby dies," was the statement made today before the International Congress of Hygiene and Demography by Edward Bunnell Phelps, of New York.

"The world's infant mortality reaches the enormous figure of 40,000 babies' deaths each day. In the United States alone 1000 babies die every day."

"The present crusade for the reduction of infant mortality dates back only five years. There are 55,000,000 babies born every year and 15,000,000 die before completing the first year of life. New York City has set the pace for establishing at municipal cost more than fifty stations for supplying pure milk at low cost and free medical inspection for the babies of the poor."

A "follow-up" system of medical inspection of school children was advocated by Dr. Thomas A. Story of New York City College. He said: "This system is correcting unhygienic conditions in New York in over 90 per cent of the cases under observation. This plan of individual instruction in personal hygiene is improving the physiological efficiency of 1000 boys every year, and has met with the approval of all parents. Development of permanent health habits is our aim."

"Industrial insurance is needed rather than legislation by which workmen may combine for self-protection," Dr. Lee K. Frankel of a New York life insurance company, told the Hygiene Congress.

"This is the basis of industrial hygiene," said Dr. Frankel. "Workmen are educated regarding their industrial hygiene needs. Workmen and employers find it cheaper to live hygienically."

Doings In Social and Club Circles

W. R. C. OUTING

Patriotic Order Entertained
Royally by Mrs. Geo. Huntington
of Newport Heights

Mrs. Geo. Huntington of Newport Heights extended an invitation to the members of Sedgwick W. R. C. to visit her home on Tuesday for an all day picnic and watermelon feast. Daily the party set out in an auto truck, a truck used in hauling the heaviest of loads, but the load of wit and beauty that piled on to that truck was too great a strain. Bravely it persevered until Second street and Newport Road was reached, when the strain proved too much and with a crash and a groan the auto came to a standstill. No amount of persuasion on the part of the fair ones availed, and there they sat until good fortune appeared in the shape of an automobile driven by Mrs. A. D. Bishop, who went on to the Huntington home, unloaded and made several trips back until the perishing ones were all secured and landed safely at the Huntington home where a chicken dinner with every imaginable fixin' was spread for them. Those present were Mesdames Elie Wilson, Marcelle Bonney, Viola Flips, Rachel Henney, Emma Huddleston, Helen Powers, Clara Wedgwood, Grace Maurer, Maud Wallace, Belle Alderman, Mrs. Longley, Jeanette Magil, Anna Bradley, Fannie Cunningham, Susan Burns, Mary Emerson, Emma Leisner, Ruth Brewster, of Wilmette, Conn.

The only untoward event of the day aside from the collapse of the motive power was a narrowly averted scandal caused by Mrs. Magil appropriating a watermelon whose owner was unknown. Not so much was the taking of the melon derided, but the fact that she would not divide, stingy.

Undoubtedly some of the experiences of the day will be recounted when the old maids hold their convention in the near future. Watch for the date. Perhaps by that time some of the old maids will have become sufficiently transformed that a man rather than a melon will be the result of their expedition and that he will be as fine a man as Mr. Huntington. When the writer returned home the auto truck was still standing by the roadside.

Locates in Fullerton

Mrs. John Beatty and her daughters, Misses Irene and Edna, have all been in Fullerton recently. Mrs. Beatty and Edna going over especially to help Miss Minnie Syfert. Mrs. Beatty's sister, in getting settled in a pleasant house she has rented on Commonwealth avenue in that city. Miss Syfert has furnished the house comfortably and Miss Irene Beatty and other lady members of the Fullerton high school faculty will reside with her. Miss Irene resumes her duties as English instructor in the high school next Monday.

WESTERN GIRLS MOST BEAUTIFUL OF U. S. SAYS BEAUTY EXPERT

That American women are the prettiest in the world, and that among them none shines so brightly as the beauties from the West, is the opinion of Registrar Marsh of Northwestern University, Chicago. He bases his judgment on the liberal arts college of that university where 500 women, principally from the West, were matriculated yesterday. And in the words of Registrar Marsh, "there is not an ugly one in the bunch."

Mr. Marsh, who has been considered an expert on feminine charms, in discussing the new class at Northwestern, says: "For years, in my opinion, girls have been getting prettier and prettier, but this year's class easily breaks the record. I never saw so many beautiful young women before in my life. I am convinced that the increasing beauty of American women is due to the healthful exercise and outdoor lives that they lead."

"I also notice that practical, if none of the girls now use paints or cosmetics of any kind. Their beauty is an their own."

"The girls from the central and far west appear to be the most healthy and robust and consequently the most beautiful."

ENTERTAINED CLASS

Young Married People of First M. E. Church Were Guests of the E. D. Johnsons

Mr. and Mrs. E. D. Johnson entertained the young married people's class of the First M. E. Church at their home, 618 South Main street Tuesday evening.

After a short devotional service the business of the evening was transacted. The membership committee reported a membership of fifty-five, with forty as the highest attendance at Sunday school for any one Sunday during the month. A delightful half hour of music was enjoyed and the remainder of the evening was spent with games and sociability.

Delicious refreshments were served with Mrs. Stearns presiding at the punch bowl.

House Party at Beach
Mrs. J. H. Walker was hostess at a house party over Sunday that included her daughters, Misses Lillian and Anna Walker, Misses Beth Merigold, Wilhelmina Cavins, Dorothy Dean, Berien Cravath and Gertrude Roper. The party occupied the Wasser cottage at Balboa.

Entertainment Last Night
The free entertainment given last night by Dr. and Mrs. A. M. Roberts at the Temple Theatre, which is hereafter to be known as the College of Music, attracted a large audience. The Temple has been prettily redecorated and lighted.

The program included piano, organ and vocal numbers by C. P. Garrett, readings by Mrs. Roberts and C. S. Shaw, whistling numbers by Misses Kenyon, Woodward and McKee, harp, banjo, violin, cornet and saxophone.

W. C. T. U. INSTITUTE

Tustin White Ribboners to Hold Open Air Meeting Sept. 26 at Jasper Leck Home

The Tustin W. C. T. U. will hold an open air institute on Mrs. Jasper Leck's lawn, Thursday, September 26. The program following will open at 10 o'clock:

Song.
Devotionals.
Minutes and Business.
Address of Welcome.
Greetings by County President.
Instrumental Solo.
Mothers' Meeting.
Noontide Prayer; Lunch.
Afternoon

Mr. Marsh, who has been considered an expert on feminine charms, in discussing the new class at Northwestern, says: "For years, in my opinion, girls have been getting prettier and prettier, but this year's class easily breaks the record. I never saw so many beautiful young women before in my life. I am convinced that the increasing beauty of American women is due to the healthful exercise and outdoor lives that they lead."

Will Attend Pomona College
Misses Mildred Mansur, Joella Sharp, Alice Clausen, Edna Beatty, Frances Condon, Isabel Smiley, Wilma Andrews, Aileen Tubbs; Messrs. Arthur Lutz, Edwin McFadden, Lamont McFadden, Howard Hankey and Harry Youngman are among those who will this year attend Pomona College, the fall term of which opens this week.

For Chamber of Commerce
That the ladies of Santa Ana are alive to the interests of the Chamber of Commerce is evident from the generosity to which they have responded to the request for flowers for the C. of C. rooms. Mrs. W. S. Yingling yesterday contributed some beautiful Maman Cochet roses yesterday.

E. R. Halesworth took in some fine pomegranates and peach tomatoes.

Dollar Tea
The ladies of the Missionary Society of the Spurgeon Memorial Church South will have a Dollar Tea at the home of Mrs. Felten, 632 North Broadway, September 27. Each lady is to earn her dollar and all the ladies of the congregation are cordially invited.

Personals

Mr. and Mrs. Mac Robbins spent the day in Los Angeles.

Mrs. J. P. Hatzfeld has returned from a few days' visit to her niece, Mrs. M. H. Thompson, of Los Angeles. John Rowland had business which took him to Los Angeles this forenoon.

Mrs. Sherman Stevens is spending a few days with friends at Balboa.

Mr. and Mrs. F. M. Robinson were Angel City visitors for the day. Mr. and Mrs. J. C. Gray have returned from Michigan, where they spent three months at their summer home on Torch Lake. The Grays will spend this winter on a ranch near Tustin, instead of in Santa Ana as they did last year.

H. O. Eggen is in Santa Ana from Hemet, and has located at 634 French street for the coming school year. Mr. Eggen is teacher of science in the high school.

FELL, BROKE A LEG AND HAD TO BE SHOT

A delivery horse belonging to Liebig & Johnson ran away in the south part of the city today, and fell on the sidewalk at the corner of Pine and Orange, breaking a leg. Constable Jackson and City Marshal Jernigan went to the place, and Jackson shot the animal.

Dr. C. H. Brooks has moved his office over the Reinhaus Department store, corner of Bush and Fourth Sts., opposite Opera House—Rooms 1-2-3.

Business College
SANTA ANA, CALIFORNIA
MONDAY, SEPT. 16, 1912
Marked the Opening of Another Enrollment Week.

If you haven't enrolled yet you should do so NOW. The success of your future life hinges on the decision of the hour. FUNERAL OF LOVED WOMAN YESTERDAY

The funeral of Etta Marie Vegely, wife of City Assessor E. L. Vegely, held yesterday afternoon at 2:30 o'clock from Smith's chapel, was attended by a large number of people, showing the high regard and love in which Mrs. Vegely was held by her friends and neighbors. Floral pieces were received from city hall officials, Chamber of Commerce and court house officials.

The services were in charge of Elder E. A. Davis of Pittsburg, Kas., of the Latter Day Saints. "Crossing the Bar," "Abide With Me," and "Some-time We'll Understand," were beautifully sung by Mrs. Ella Fyfe.

The bearers of the casket were G. P. Campbell, J. C. Metzgar, E. L. House, L. Gall, R. P. Mitchell and Arthur Angle.

Mrs. Vegely was the daughter of John H. Glines. She was born at Santa Maria, Cal., on February 28, 1877. She taught in the schools of this county for four years. Fourteen years ago she married E. L. Vegely, who with three children, Beatrice, aged 11; Constance, aged 6, and Bruce, aged 2, survive her.

TO GIVE A SKETCH AT MIRROR THEATER

Louis William Chaudet, known here as coach for a number of Company I plays, is to give a comedy sketch and character impersonations at the Mirror Theater Thursday and Friday evenings. With him will be Miss Florence Deuer, also of Los Angeles.

GAVE EXHIBITION OF FIRE AUTO TRUCK

A demonstrator for the White fire auto truck last night gave an exhibition of the truck he has had here on exhibition. Several city officers were taken on a run out North Main street where a speed of fifty-five miles an hour was attained.

Gradually Improving
Dr. C. D. Ball, who has had a serious attack of blood poisoning, was able to be at his office for a time today. He is gradually improving. As yet he carries his right hand in a sling.

"Hobby Night"
A discussion of "Hobbies" will be held Thursday evening, September 26, at the Socialists' open forum in K. of P. Hall, 306½ East Fourth street at 8 o'clock.

Returned For Speeding
Motorcycle officer C. W. Hall of Uplands was here today and took "Curly" Thomas with him to Uplands. Thomas was arrested recently for speeding, and \$50 bail was put up for him by a friend. The friend afterward gave notice withdrawing the bail, and the officer came after Thomas.

To save cost of storing we offer a lot of good Arizona oat hay for \$21; barley \$20. Hay on lot near mill. Prince Grain & Milling Co.

COUNTY AND CITY OFFICIALS PRAISED

W. C. T. U. at Well Attended Meeting Commend Them For Closing Liquor Resorts

The Santa Ana W.C.T.U. held a very interesting meeting yesterday afternoon at the home of Mrs. Robert McFadden, 1108 North Main street, with a fairly good attendance. Mrs. W. L. C. Samson led the devotional service. The subject of "Scientific Temperance in the school" was the topic on the program.

Officials Commended
A short business session was held during which the W.C.T.U. passed a resolution commending the city and county officials for the splendid showing they have made by closing places where liquor was sold. A resolution to this effect was passed at the mothers' picnic recently held in Birch Park, Sept. 10.

An invitation was accepted from the Tustin union inviting the Santa Ana union to attend an all-day institute at that place on Thursday from 10 to 4, the place of meeting being the home of Mr. Jasper Leck, corner of B and Main streets. A good time will be enjoyed by all who may have the privilege of attending.

The county executive will be held in Orange on Tuesday, Oct. 15. Mrs. Stoddard, president of San Diego county, will be present, and speak at that meeting and will also speak throughout the county. Mrs. Stoddard is a candidate for congress from the 11th district.

Teachers' Reception
The Union voted to hold the teachers' banquet and reception the first Friday evening in November, after which the program of the afternoon, in charge of Mrs. Irene Williams, superintendent of Scientific Temperance Instruction, was opened by her with appropriate remarks on the subject. Mrs. Frank McElree and Mrs. J. N. Anderson read some articles on the subject. Prof. Cranston was present and spoke to the Union on Scientific Temperance, as usual making an excellent talk. He dwelt on the best methods of teaching temperance in the schools, giving some very timely suggestions.

Mrs. Rawlings, the county superintendent of Scientific Temperance, gave many encouraging words, and methods of putting this subject in the schools. A helpful discussion was held on questions asked of Prof. Cranston and Mrs. Rawlings, and a number of good points were made. Mrs. Rawlings then read a brief helpful paper, which she said:

Teachers' Mould Character
"We are all such busy, busy people. I never get to the end of things I should like to do that it would be good to do. I try to make as good a choice of the many things as I may and regretfully see many opportunities for service slip into the past. No one is busier than the public school teacher. To no one is committed a more sacred trust. Our children are our chief treasures, as it is well or ill with them so rises or falls the thermometer of our happiness. That ancient query of Elisha, 'Is it well with the child?' rings ever in the hearts of all good mothers. A sound body, the home of a bright mind, and a reverent soul we crave for our children. Therefore are we anxious that all things injurious to body, mind or soul be put away. Tobacco and alcoholic liquors belong to that class of things, so we wage war upon them that shall not cease till we are conquerors. Well, that means a vast deal of work for a great number of people, as the enemy is already in possession. We grown up girls mean to do our part of this work, but we count upon the children themselves to in great measure work out their salvation. We are sure that if they learn the truth regarding narcotics not only will they shun the use of such poisons but when they come to take their places in governmental affairs they will turn down not only liquor selling, but liquor making. It is to be the teacher's high privilege to bring about this reform. It means more work for already busy people, but worth while work pays good interest on the investment. What work is greater than that of training the future citizens, helping the children to form good habits that mean healthy, happy, useful lives. If there isn't time for temperance physiology and hygiene in our crowded curriculum let's drop something less vital. I would rather my children had healthy bodies than that they be able to tell how many men were killed at Lexington and I would rather they have clean minds that can control than a command of the most faultless language with which to conceal their lack of thoughts; a walking encyclopedia would be of little value if his steps were diverted down the slippery incline of vice and depravity. It is to the teacher we must look for help in giving the facts to the children that will cause them to shun the evil and choose the good. Let us then as a Union find and supply all the helps we can to the teachers for their temperance work. Preparatory schools have not done a great deal in this line, but new literature is constantly being published that is helpful. Let us aid in whatever way we can to hasten the day when California and the world shall be dry."

Important Meeting Soon
The next meeting will be an important one. "Co-operation With Missionary Societies" is the subject. The meeting will be in charge of Mrs. Harry Dean, superintendent of that department and will be held in the parlor of all the United Presbyterian church.

The flower superintendent, Mrs. E. Davis, desires to begin sending flowers to Los Angeles. Anyone having flowers to spare will please send them to her on next Friday morning.

NEW GROCERY

Wright & Robinson have established themselves in the Parsons & McNaught grocery location, 416-418 West Fourth street. They are now open for business and solicit your grocery patronage.

HUMANE OFFICER KILLS FOUR HORSES

Constable Jackson Put Animals Out of Their Misery This Morning

Constable Jackson, who is humane officer for the Society for the Prevention of Cruelty to Animals, had a horse-killing time of it today. He put four horses out of their misery.

This morning he went to Sycamore Flats in the Santa Ana canyon on a report from Frank True, who had compelled a Mexican to stop driving a horse. The Mexican abandoned the animal. Jackson found the horse to be in a frightful condition, one leg being so badly swollen the horse could not put his weight upon it. The animal was shot.

Returning homeward, Jackson saw a horse down on the ground in Bixby's pasture. Investigation showed that the horse had one leg broken and was suffering great pain. A shot from the constable's revolver ended the horse's misery.

At Olive Jackson made an inspection of horses owned by Mexican families there, and condemned and shot one old, worn-out, nearly starved horse.

After arriving home, Jackson shot a horse that fell and broke a leg at the corner of Orange and Pine.

Whenever he can do so, Jackson makes an inspection of horses owned by Mexicans, and has been instrumental in getting many of the Mexicans to take better care of their stock. Occasionally he finds a horse that must be killed.

EVERETT MAXWELL HAS WON DISTINCTION

Former-Santa Ana to Take
Charge of New Department
of Magazine

Many Santa Anans will be interested in the success of Everett Maxwell, son of C.R. Maxwell, who formerly lived in Santa Ana. Everett Maxwell was a student of the Santa Ana high school. The following from the West Coast Magazine tells of his association with that magazine:

The West Coast Magazine announces the addition of a new department of art and drama, to be edited by Everett Maxwell. This new feature of the magazine will be of the greatest interest to our readers, presenting as it will by pen and picture the best in the artistic life of the Southwest, and the noteworthy productions, producers and actors of the theatrical world.

Everett Maxwell is one of the most competent critics in the West today in both fields of artistic endeavor. He has been for some time past on the editorial staff of the Fine Arts Journal; special contributor to the Craftsman, and an occasional contributor to the International Studio. He has been associated with a number of the leading art and educational movements of the country, and as a writer as well as a critic is considered among the best in the state.

As evidence of his solid achievement as a creator his one act play, "The Boy," a deeply psychological study, will soon be produced in London. Mr. Maxwell's preparation has been varied and thorough, including a series of articles on the western desert Indian and the California Missions. His articles which appeared in the Chicago Fine Arts Journal on "Arts and Artists of the Southwest" are now upon the shelves of the State Library in book form. He has also been active in club work and has collected art treasures for libraries and societies, lectured before clubs and conducted special departments on many of the leading newspapers of the west.

MONEY RACK CATARRH REMEDY

Dosing the stomach won't kill Catarrh germs. Neither will sprays, douches, snuffs or ointments.

The quickest way to kill germs is to breathe deep into the lungs the vaporized air of Booth's HYOMEL.

As this antiseptic air passes over the sore spots infested with Catarrh germs, it not only destroys them, but heals the inflamed membrane and stops the discharge of mucus.

Then hawking, spitting, snuffing, crusts in nose and foul breath will disappear, and vile, disgusting Catarrh will be conquered.

A complete HYOMEL outfit, which includes a hand rubber inhaler, only costs \$1.00. Extra bottles, if afterwards needed, 50c; and Rowley Drug Co. is authorized to refund your money if dissatisfied.

THEY ARE AWAITING ARRIVAL OF OUTFIT

Blake Bros. are awaiting the arrival of an El-Oso Asphalt Company paving outfit, which has been shipped from Toronto, Canada, and upon its arrival here will immediately commence paving operations on Bush street between Fifth and Washington and on Tenth street between Main and French. Bush street property owners have all signed the contract except the owners of two lots, and it is expected that those lots will be signed for soon.

REV. BURR'S AUTO HACKED BY MAN WHOSE DAUGHTERS WERE INJURED IN ACCIDENT

OCEANSIDE, Sept. 25.—Assuming the accident to be due to carelessness or reckless driving John R. Pannell took an ax and proceeded to wreck the automobile of Rev. Eugene Burr of Fallbrook after it had run off the highway at Buena last night and smashed into a tent in which Mrs. Pannell and her two daughters were sleeping. When Pannell had wreaked his vengeance on the machine it was damaged to the extent of about \$300. Pannell was making his way overland from Santa Ana to Escondido with a camping outfit and camped at Buena, a station along the Santa Fe railway, between Escondido and Vista, himself seeking sleeping apartments in the camp wagon, while his wife and daughters were quartered in a tent under the branches of a sycamore tree. Rev. Mr. Burr and his wife were en route from San Diego to Fallbrook, by automobile.

Rounding a sharp curve in the highway Mr. Burr suddenly discovered a big stone in the road. In trying to dodge it he struck it with one of his wheels which caused the automobile to run off the five-foot embankment. The machine righted itself and plunged forward into the tent occupied by the woman and children, carrying the mattress upon which they were sleeping before it.

Rev. Burr applied the emergency brake but the car was not brought to a standstill until it was occupying the place where the tent had stood. The sudden stopping of the car caused Mrs. Burr to be thrown forward and out of the machine, resulting in a shock from which she is suffering severely. One of the Pannell daughters suffered the fracture of five ribs, while Mrs. Pannell and the other daughter were slightly injured.

Aroused from his slumbers in the wagon Mr. Pannell, without regard to the explanation of Burr as to how the accident happened, attacked the automobile with the ax, after which the injured people were taken to a neighboring house and cared for. Mr. Burr asserts that he was not at fault as he suddenly came upon the rock in the road and didn't have time to steer clear of it.

Rev. Burr and his wife are well known in Orange county. Rev. Burr was pastor of the Christian church at Orange, and at Anaheim.

What was perhaps the most striking feature of Mr. Thurman's investigation of the number of imbeciles and that feature which brought forcibly to his attention the danger of the present marriage law, was when a family of six idiots ranging in age from 7 to 16 years, was transferred to the State Institution from the Brown County Children's Home.

"We must start at once to stop the propagation of the human race by imbeciles," declared Thurman. "The State's one institution to care for them is taxed to its capacity and right now we have over 1000 who should be cared for there. The institution for the feeble-minded is the beginning and the penitentiary is the ending. We must curb the growth of imbeciles to stop the increase in the number of criminals and the only way to do this is through a law of sterilization."

Thurman says that after an operation, a great portion of the weak-minded may be turned loose without menacing society, and that the State could save thousands of dollars if the law permitted the safe-guarding of the human race.

What We Never Forget according to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unrivaled for piles, corns or cold-sores. Only 25 cents at all druggists.

OHIO BURDENED BY WEAK-MINDED

Buckeye Statesman Says State
Will go Bankrupt if Breeding
of Imbeciles is Not Stopped

COLUMBUS, Ohio, Sept. 25.—Unless something is done and done real quick, the State of Ohio will be bankrupt in its care for its weak-minded, declared President Allen W. Thurman of the State Board of Administration yesterday, who, alarmed by the increase in the past year in the number of imbeciles in Ohio, was prompted to make the statement.

What was perhaps the most striking feature of Mr. Thurman's investigation of the number of imbeciles and that feature which brought forcibly to his attention the danger of the present marriage law, was when a family of six idiots ranging in age from 7 to 16 years, was transferred to the State Institution from the Brown County Children's Home.

"We must start at once to stop the propagation of the human race by imbeciles," declared Thurman. "The State's one institution to care for them is taxed to its capacity and right now we have over 1000 who should be cared for there. The institution for the feeble-minded is the beginning and the penitentiary is the ending. We must curb the growth of imbeciles to stop the increase in the number of criminals and the only way to do this is through a law of sterilization."

Thurman says that after an operation, a great portion of the weak-minded may be turned loose without menacing society, and that the State could save thousands of dollars if the law permitted the safe-guarding of the human race.

What We Never Forget according to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Six Reasons Why You Should Do Business With This Bank

1. Depositing your money in bank makes it absolutely safe from loss by robbers, fire or accident.
2. With a bank account you can pay your bills by check. The canceled check is a legal receipt for payment. You cannot be made to pay the bill twice.
3. A check book makes all your money available at any moment, and you are never bothered about making change.
4. The bank keeps your books. Every deposit and the amount of the checks you draw are carefully entered in your pass book by expert bookkeepers, so that you know where you stand at the end of the month.
5. Nearly every man needs to borrow money at some time. If you are well known at the bank, through your bank account, it is easy to get accommodation.
6. Every check you write is an advertisement of your good business habits and solid worth, which has the effect of raising you in the general esteem of your neighbors.

Any one of the above reasons is of itself sufficient to influence you to open a bank account. It will only take a short acquaintance with this bank, and the facilities it offers, to convince you that six reasons are only a few of many more why you should make it your financial home.

Now is the time to begin the practice of these most approved business methods, and to make this bank what we want it to be—

YOUR BANK

The First National Bank with which is affiliated

Santa Ana Savings Bank "Under One Management."

The Man With a Bank Book

enjoys many favors accorded by a bank to its depositors, Establishes a valuable acquaintance at bank,

Establishes a credit, which is the best kind of business insurance,

Makes his payments by checks, saving time, trouble and possible losses,

Contributes to the working capital of the community.

Enjoys a prosperity which he helps to create. Open an account here and enjoy these privileges.

LOS ANGELES PRODUCE MARKET

Ranch eggs advanced a cent yesterday and are selling at 38 cents for case-count and 42 cents for candled. This was due to light receipts—forty-five cases—and to a certain extent the influence of the prevailing high price in the San Francisco market, 4 1/2 cents.

The sweet potato market is very weak, as shipments have been quite heavy for the last few days. In some instances the vegetable is selling as low as 1 cent a pound, and quotations range from that figure up to 2 1/2 cents. Irish potatoes have also been arriving quite freely, but the price remains about the same. The receipts yesterday were 6206 sacks.

Pears are quoted as high as 3 to 4 1/2 cents a pound. A carload of very fine Oregon pears came on and are selling at \$2 a box. Several cars of peaches and four cars of bananas arrived. Apple receipts were 15,854 boxes. A car of Bellefonte from Pajaro Valley, a car of Jonathans and a car of Grimes's Golden from Washington arrived. A shipment of very fine black Spanish figs from the Sacramento Valley was received. The fruit is selling at 50 cents a box. Some of the jobbers have ordered producers not to ship grapes as the market is overstocked. Much of the fruit will probably be sent to wineries and fed to the hogs as a consequence.

Butter receipts were 50,431 pounds. No cheese was reported in. Some northern fresh cheese was offered at 15 cents.

One hundred and forty sacks of onions arrived.

AT THE COURTHOUSE
**ASSAILANT OF
KELLENBERGER
PLEADS GUILTY**

Marcelino Almeras, Who Shot
City Marshal, to Receive
Sentence Tomorrow

San Juan Capistrano Residents
Petition for Road In
San Juan Canyon

Marcelino Almeras, who shot City Marshal John Kellenberger of Anaheim on July 9, today pleaded guilty to a charge of assault with a deadly weapon with intent to commit murder and tomorrow morning at 9:30 o'clock he will be sentenced by Judge West. Almeras was a central figure in one of the most stirring crimes committed at the Mother Colony in recent years. The city marshal was called to the rear of Houtz's store to quell what was thought to be a small row between three Mexicans. Without knowing it, he walked into a hold-up game Almeras was trying to take a watch away from G. Jacobo. Almeras, evidently thinking the officer had come to arrest him, turned on him and without provocation fired two shots at him. Both bullets plowed through Kellenberger's right lung, and for days his life hung on a thread, but he recovered.

Almeras was arrested that same morning, and brought here. He was represented at the preliminary examination by Attorney A. J. Green of Los Angeles. Almeras had no money, and Green withdrew from the defense. This morning when arraigned, Almeras said he had decided to plead guilty. Judge West informed him that the penalty fixed by law is not less than one year and not more than fourteen years in the state penitentiary. Almeras said he was ready for sentence this morning, but Judge West postponed sentence until tomorrow in order to have time to read the evidence and to call witnesses if he thought best.

Sues to Foreclose
Suit to foreclose a mortgage was brought today by J. Q. and Lois Johnson against S. M. Craddock and others of Orange. A \$1500 note given on June 4, 1910, and property in the west part of the county are concerned. W. H. Thomas is attorney for the plaintiff.

Case is Dismissed
Kaichi Tani, a dapper little Jap, is lucky. He was charged with burglary.

ding the room of a countryman, S. Takagami, at Smeltzer. A watch was stolen, and found on Tani's person. His morning District Attorney West stated that Takagami had gone to Japan and without his evidence there was little chance of conviction. West's notion for dismissal of the case was granted, and Tani walked out a free man. The watch was ordered held by the county clerk as an exhibit in case the district attorney should again take up the trial.

Asks Administration
J. C. Osborn today petitioned for letters of administration on the estate of her father, M. J. Cunningham, who died on September 17. The estate consists of a claim of \$287.50 against Richie Henry of Anaheim. F. C. Spencer is attorney for the petitioner.

After a Deed
Richard Egan, D. Oyharzabal, John and other residents of San Juan Capistrano have petitioned the board of Supervisors for a county road up San Juan Canyon from the Gate at the edge of the Mission Viejo Rancho to San Juan Hot Springs, cross lands owned by Jerome O'Neill, a distance of 11.5 miles. This road has been used for years, but the county has never had a deed to it. Deeds are to be sought also for portions of the road between the Mission and the Gate.

The petition was filed by A. L. Swarthout.

Marriage Licenses
Henry Schmetgen, 28, and Alma Joekemeyer, 25, both of Orange; Larry L. St. Clair, 23, of Los Angeles, and Ada H. Gathersole, 22, of Orange.

Appointed Guardian
C. R. Munson was today appointed guardian of the estate and person of Mrs. Ellen Chapin.

IN THE JUSTICE COURT

**GOT SIXTY DAYS IN
THE COUNTY JAIL**

Justice Landell this morning heard evidence in the case of Clinico Reyes of Talbert, who shot himself in the leg while trying to kill himself. The evidence showed that Reyes had beaten his wife and created no small amount of disturbance in the neighborhood. A brother kept him from killing himself. Reyes was drinking. Justice Landell sentenced Reyes to sixty days in the county jail.

Are Taken Back
Owens and Elsen, the two boys who escaped from George Junior Republic and who were captured here, were today taken back to China by Assistant Superintendent Clyde Doyle.

GRAPE MARKET GOOD
Better Prices Expected As Poor Fruit
Has Been About All Worked Off

STOCKTON, Sept. 25.—The eastern grape market is holding up well under shipments as heavy as will be received this season. According to reports received at Lodi receipts are falling off rapidly and all loose cars are being taken up by the F. O. B. buyers. Good grapes are being accepted and fruit in bad conditions is being rejected.

The young vineyards with the poorer fruit are being finished and the old vineyards are now shipping the finest fruit produced in this section, so with the decreased shipments and the increased quality and no congestion of unsold cars on the market the growers and shippers are expecting better prices in the immediate future.

Many Driven From Home
—Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping-cough and sore lungs make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

**FREE SPEECH FIGHT
IS PRECIPITATED
IN TACOMA, WASH.**

TACOMA, Sept. 25.—Chief of Police Loomis has precipitated a free speech fight here by issuing an order prohibiting all except religious meetings on the corner of Twelfth and Pacific avenues. Leslie Aller, Socialist candidate for Congress, says he will ignore the order, and the Industrial Workers are preparing for a warm time.

Gal-vaniam?
There is frequently something about a girl that draws her closer to a man—unless she asks him to move it.—Judge.

**THEY VISITED
ABALONE CAMP**

Koepsel and Heard Find That
the Japs Are Keeping Well
Within the Law

Deputy District Attorney Koepsel and Constable Heard made a trip yesterday afternoon to the Jap camp at Dana's Point, and after a thorough inspection could find nothing upon which to prosecute the Japs. The Japs are cleaning out the abalone beds of everything in size, and the officers came back thoroughly convinced that the next legislature ought to be asked for a law that will protect the abalones from devastation such as the Jap divers are engaged in.

Koepsel and Heard found the camp equipped with huge vats and drying racks.

"There was about a carload of abalone shells piled up on the beach," said Koepsel. "Yesterday's catch of abalones was about 800 pounds. We examined all the abalones brought in yesterday, and there was none under size among them. The Japs are complying strictly with the state law, on which they evidently are as well informed as it is possible to be. The abalones are brought ashore and there the meats are separated from the shells. The meats are cooked in a vat, and then spread out to dry.

"There is no question but what the Japs are skinning the abalone beds to a finish. There is no way to stop them. They are clearly within the law. What is needed is a law prohibiting taking more than a certain amount, say twenty-five pounds, a day. No doubt we can get that law through the next legislature. In the meantime, however, the divers will be steadily at work, and our coast will be cleaned out of abalones."

**BRYAN PREDICTS
WILSON VICTORY**

SAN FRANCISCO, Sept. 25.—"This is a Democratic year. Democracy is about to reap the fruits of sixteen years of sacrificial devotion to the great principles of Jefferson. Woodrow Wilson will be the next president by a triumphant majority."

This was the statement of W. J. Bryan before leaving San Francisco. SAN FRANCISCO, Sept. 25.—Following his speech at Sacramento tonight, W. J. Bryan will entrain for Reno, thence East. Speaking at San Francisco the Commoner admitted the Progressives were given the worst of it at the Chicago convention, but claimed there was no more steam rolling done than when Roosevelt forced Taft upon the people.

SACRAMENTO, Sept. 25.—Ushered into the Assembly chamber of the California legislature to the tune of Dixie, introduced, standing under the portrait of Abraham Lincoln as "the great commoner" to the state Democratic convention and many influential Republicans, William Jennings Bryan spoke yesterday afternoon for a little less than an hour to a Democratic convention that had just chosen unanimously as its temporary chairman Senator A. Caminetti of Amador, a man pledged to the policies of Bryan, and elected on the strength of his pledge.

Bryan arrived a moment after the utter rout of the forces led by Theodore A. Bell, who opposed him in the Baltimore convention. Of the ninety-odd votes in this convention, the Woodrow Wilson League, supporting Caminetti, had conceded forty to the two candidates in opposition—Mayor Owens of Richmond, supported by Bell, and Assemblyman J. W. Gulber, son of Kings county, put forward as an unaffiliated independent. On call of the roll they received combined less than 25.

Bryan's Speech
Mr. Bryan's speech was almost devoid of personalities. His mention of Gov. Johnson was as the "gem" of the national Republican convention at Chicago. He referred to Theodore Roosevelt, but impersonally, and Mr. Taft's name was mentioned incidentally once.

The burden of his thought was a series of recommendations to the convention for consideration before they wrote their platform—which they had not done when he spoke.

His Recommendations
His recommendations were as follows:

(1) The New Zealand postal vote, by which traveling men and other absentees might retain their votes while absent away from home. The measure, he urged, saved the individual expense and preserved to the community a measure of intelligence now lost.

(2) A modification of the state primary law.

(3) More stringent trust laws.

**WHAT
TIME
IS
IT?**

This is a question you can answer if you carry one of our watches or have your watch repaired here. How is this? 17 Jewel American made watch for \$10.00. The new Equity watch for \$5.00 and up, and our guarantee as well as the factory's guarantee back of all.

Carl G. Strock

(4) Strict supervision of campaign expenditures and contributions.
(5) Supervision of public moneys at interest.

The Primary Law
Mr. Bryan gave most of his time to discussion of the state primary law, and to an arraignment of Theodore Roosevelt's position on the trusts, which he thought less logical than that of the Socialists.

DESPERATE CRIMINAL CAUGHT
Reynolds Forsbrey Who Escaped From
Tombs Recently Found Hiding
Under Bed in Flat

NEW YORK, Sept. 25.—Reynolds Forsbrey, double murderer, and known as "the most desperate criminal in the world," who made a sensational escape from an isolated cell in the Tombs prison on September 2, was captured late yesterday.

The young plumber's son, whose jewelry robberies have been little less daring than his murders, was pulled from under a bed in a three-room flat in Fox street, the Bronx.

TABLET TO MAJOR BUTT
Sewanee, Tenn., Will Unveil Memorial
Tomorrow as Tribute to
Heroism

SEWANEE, Tenn., Sept. 25.—The first tablet commemorating the self-sacrifice of the men on the Titanic will be unveiled here Thursday. The tribute is in memory of Major Archibald Butt, U. S. A., aide to President Taft.

The ceremony is under the auspices of Beta Theta of Delta Tau Delta Fraternity, and the tablet will be placed in the chapel of the University of the South at Sewanee.

**LOS ANGELES TO
TAKE PORT TARIFFS**

Los Angeles Times: Tariff collections on imports through San Diego are to be made by the officers of this port, according to notice received here yesterday by Collector Pendleton. This action is to be taken in carrying out the policy of retrenchment in expenses of tariff districts throughout the country inaugurated by the President.

Similarly San Francisco is to collect for the port of Eureka and other districts farther north are to be consolidated in like manner. The saving will be considerable as one collector and his staff will be able to do what two organizations have been doing, with but slightly increased expense over the budget for one.

Many unnecessary offices will be eliminated in the current fiscal year and more systematized results are anticipated. The reorganization makes Los Angeles supreme in Southern California and San Francisco in the North.

San Diego will be designated simply as a port of call under the new system, and through its trade will not be restricted. Los Angeles will get the official credit for shipping as reports will be made out over the name of the local collector. Deputies will have charge of the sub-port and report directly to Collector Pendleton and his successors.

Los Angeles will be recognized as the big port of the South and when the Panama canal is completed a large part of the business of the Southwest will be transacted through our harbor.

The move in the interest of economy in the public service has been imminent for some time, the official figures showing that the cost of collections made at both San Diego and Eureka, are out of all proportions to the same service at Los Angeles and San Francisco, and the reductions in the way roll at both can be made with no detriment to the public interests.

It is understood that there will be no change in the jurisdiction of the Los Angeles and San Francisco offices, except as to the coast line, and the new legislation places Los Angeles strictly in the front for the big ocean trade that is sure to follow the completion of the canal.

**CZAR IS ANGLING
FOR SPITZBERGEN**

Plants Flag in Bell Sound Territory—Powers Are at Once
Up In Arms

COPENHAGEN, Den., Sept. 25.—The long expected struggle for the possession of Spitzbergen is likely to begin soon. Heretofore, no country officially has occupied any part of the archipelago. Different coal companies and other firms have simply started work wherever it best suited them. Now, however, a Russian official expedition has planted the czar's flag in the Bell sound territory and has annexed the whole of this most valuable part of the islands in the name of the Russian government.

The English, Swedish and American coal companies consider this a violation of their rights and urge the necessity of a definite international settlement of the whole Spitzbergen question.

Bell sound is in the southeastern part of the main island of Spitzbergen. It has good harbor facilities. If the Russian claim is allowed it will virtually mean the exclusion of other countries from the archipelago.

**JOHN D. ARCHBOLD SAILS

MAY GET IT**

Orange City Trustees to Leave
Gas Company Rate Settlement to the State

Orange News: The city trustees have finally decided to put the disposal of the gas question up to the people. An election will soon be called for the purpose of assigning the rate-making power to the railroad commission, which, if done, will enable that body to control the gas rate and will relieve the city from any litigation which the rate may cause.

This action was taken last evening on the receipt of a communication from the Southern Counties Gas Company assaying for a definite answer to its request that the rate be restored to \$1.25 per thousand cubic feet. It is now \$1.15, placed there by an ordinance of the city, which went into effect July 1.

The letter from the gas company was taken by the members to mean that the company will make an effort to break the ordinance in the courts, and rather than involve the city in litigation, but not convinced that the rate should be restored to \$1.25, the board decided to submit the question of assigning rate regulating power to the railroad commission and let that body, especially equipped for investigation, handle it.

A resolution of such intention was ordered drafted.

The Men Who Succeed
as heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylva, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and deranged kidneys, I am
